On April 3, Rensselaer lost a true patriot of the Institute, Carl Westerdahl. Carl’s passing hits close to home to many in the RPI community due to his enduring relationships with students, alumni, staff, and especially those of us in the Institute Archives and Special Collections department.

Carl made a huge impact on me as he encouraged my involvement in alumni activities and eventually on the RAA Board and as President. It was his energy and enthusiasm that was infectious. And who else would be the “Mean Dean”, supporter of the Greek system, leader of the growth of the RAA and often the leader of singing the Alma Mater. He is clearly a legend and good friend who will be missed by so many.

Troy Tax Reassessment Project

Bringing Housing Equity to the City of Troy
The City of Troy’s Real Property Revaluation Project is an effort to create fair and equitable property assessments at 100% of full market value. Data collection is complete. Valuation will continue through Fall 2012 and the new preliminary assessed values will be mailed late February 2013.

This reassessment of all real property is the result of a decision made by The City of Troy to achieve more equitable assessments. It is done pursuant to Sections 301 and 305 of the New York State Real Property Tax Law (RPTL). It is the intent of the City to complete the reassessment in accordance with Section 1573 RPTL, rules and procedures in order to qualify for State Aid.

The last City-wide Reassessment was in 1972: [http://www.troyreassessment.com/ Resultant Commercial Inventory and Valid Sales Market Value Assessment](http://www.troyreassessment.com/ Resultant Commercial Inventory and Valid Sales Market Value Assessment)
